From everyone at Medallion, thank you for being you and keeping America moving!
We appreciate you! Congrats! #Truckdriversoftheyear2020!

Dash Cam Testimonial from Mr. William Strait

"I've been running a dash cam for about 4 years now and hoped I would never need to use it but recently I had a driver come over into my right steer tire and did some damage. I was glad I had my camera on and was able to actually see him come over into me. It was helpful in getting my truck fixed and back on the road in a timely manner. I strongly suggest everybody run one." (Thank you!)

A warm and sincere thank you for everything you do throughout the year. The Medallion family recognizes truckers are some of the most vital workers in the country. Without you, America would stop moving. Trucking pretty

much touches everyone's daily lives and has a huge effect on the economy as a whole – and YOU make it happen! Without our awesome truckers we wouldn't be here. From our extended family to you & yours waiting for you at home, we hope your holiday is blessed and filled with happiness. Thank You All!

Run Those Dash Cams! According to CCI recently, more have been charged in connection with staged accident fraud schemes in Louisiana. The charges "stem from a scheme to intentionally stage car crashes with tractor-trailers in order to defraud trucking and insurance companies through fraud". Protect yourselves!
