

The Latest News, Safety Tips & More

May 2021 Edition

ROADCHECK 2021 MAY 4-6TH!!! BE PREPARED

This year's focus is on Hours-of-Service & Vehicle Lighting.

Get your CVSA decal with your clean inspection! *In general, vehicles with a CVSA decal are not re-inspected during the three-month period during which the decal is valid.*

Protect Your Professional Record – Run Your Dash Cam

Dash cams make our roads safer by capturing critical events, exonerating drivers, preventing distracted driving, and contribute to our safety programs. The National Safety Board states that dash cams on CMVs are now one of the most wanted road safety upgrades.

Clear video evidence that captures a critical event can dramatically speed up the evidence collection process. Moreover, solid evidence is often the key to exoneration for drivers who are not at fault.

Make sure you are running a dash cam so we can use this critical tool to help protect your professional record!

Sideswipes & Turns

You have a tough job! The simple size alone of your equipment puts you at a disadvantage when it comes to seeing smaller passenger vehicles. Maintain your lane and **DO NOT** make unnecessary lane changes. Other vehicles can and will quickly sneak up on you. Making that right hand turn? Dependent on the intersection, use the best turning method appropriate and watch for vehicles on your right! Control your lane and stay alert.

BIG or small – We Need to Know

Please make sure a corporate representative is notified immediately of any accident/incident no matter how major or minor it may seem. It is imperative we have proper notification so we can best mitigate any situation. No matter the time or day, please remember to let us know.
